

ENGLISH

Enjoyment is a key element in doing the Summer Assignment – having fun as you learn is our aim and goal. Follow the instructions and step by step guide as you will find out that the following homework helps you to be responsible, observant and expressive! We are using the theme: 'India's Tourist Wealth: An eco-friendly attitude'

Make a file/folder or scrapbook of about 5x6, A4 size sheets, include the following in the folder and make an attractive cover page entitled: 'India: an eco friendly tourist destination'.

1. Use 2 pages to create a Profile of the famous author Ruskin Bond. Put pictures and interesting information about him. Write an additional page about Ruskin Bond's relationship with Nature!
2. Use 2 pages to write a description of yourself as a protector of the environment! Write 2-3 paragraphs on how you are preserving the greenery and appreciating the wildlife and the scenery as you travel within India. Make an informative and interesting profile that can be used in the school yearbook too. Provide the title: 'Goeman Eco-Tourist'
3. Out of the following which activities did you undertake during your Eco Tour within India. [wild animal spotting, bird watching, trekking, rock climbing, river rafting, hills and lake viewing, nature walking etc or any other]
4. Take beautiful pictures of yourself doing these activities in scenic surroundings of the place you are visiting and paste them!
5. Which of these activities that you performed are the most environmentally sound and has the most positive impact on the community? Use 2 more pages to make an 'Activity Number Line'. The left side of which represents the least environmentally sound activity and the right side, the most environmentally sound. Use red colour for the left side and blue for the right side and list all the activities you undertook on this number line.

Those who are not visiting any place this year, can write about anywhere they went in the past or may go to in the future.

SCIENCE

Holidays are fun when they are planned properly. More fun is added when you enjoy doing your assignments. The theme this year is, "We are what we eat." Follow the instructions carefully and proceed in a stepwise manner. At the end you'll have certain attributes added to your personality.

If you are responsible enough in carrying out the allotted work honestly, you'll end up being more diet conscious. And this will certainly have a good impact on your general health. This can be done while on travel or if at home.

1. Make a record of your daily diet chart including the food combinations that you have had during the meals and the snacks you had taken in between the meals
2. It is very shocking that in every 10 seconds a child dies from hunger related diseases.

Use 2 pages to write how you have been responsible in not wasting the food.

Try to feed the poor and stray animals. You can also keep earthen pots full of water for the stray animals (dogs, cats, cows etc roaming on the road)-outside your house and for birds- inside the boundary of your home.

3. Food looks beautiful. Take picture of food- cooked or uncooked. Paste them on the pages and make an attractive scrapbook.
4. Making food is fun. Try on learning some food recipes from your mother or some acquaintance. Make it, take a picture. And use 1 page to write your learning experience.

SOCIAL STUDIES

On the physical map of the world-

1. Mark the Torrid Zone, the Temperate Zone and the Frigid Zone.
2. Mark the Tropic of Cancer, the Tropic of Capricorn, the Arctic Circle, the Antarctic Circle, the Equator and the Greenwich Meridian (Paste maps in geography notebook)
3. Collect the information about B.R. Ambedkar and his contribution to Indian Constitution (Do in Civics Notebook)
