

# HOLIDAY ENGAGEMENT

**CLASS 3**

**2022-23**

# Happy Holidays!!

With an array of emotions, we enter the golden months of May and June. With summer vacations right around the corner, exhilarated souls of the young and bright minds are bursting forth with unmatched spark. With the holidays comes an opportunity to unwind and relax. However, we ought to maintain a learning continuum even during the much needed break, and to let the creative juices flow, what better than an enriching dose of Holiday Engagement!

We have been handed the gift of time, which must be judiciously used via lucrative research and project work.

With special care and attention, the Holiday Engagement work for all the subjects has been drafted by the teacher-mentors in order to make the learning process enlightening, productive by breaking monotony, thereby, keeping it light.

A treasure box of educational activities to be done individually to boost self confidence, along with group activities to promote collaborative learning have been designed keeping in mind the 21st century skills. Experiential learning through hands-on activities and reflection is the focal point of the tasks listed, which would relate theoretical knowledge with practical one. It aids in the promotion of other skills like Leadership, Critical thinking, Creativity, Communication, Collaboration, and Information and Media literacy preparing the students for future pursuits, giving them an edge over others.

Principal

There's lots of fun, in the sun,  
Whether it's hot or not.  
The holidays are oh so dear,  
Whether we are far or near.  
Wake up on time, make a rhyme  
Read a book or be a cook.  
Cut, paint or even draw,  
Or sip a drink with a straw.  
Help around the house,  
Learn new things and be good beings.

Stay safe, enjoy your holidays but do follow some routine. Spend quality time with your grandparents, family and friends. Do the holiday engagement activities planned for you in this document. Remember it's your work that we want.

**Have a great Vacation!**

# English

"Reading is to mind what exercise is to the body and prayer is to the soul."

1. Read any book of your choice and make a scrapbook of the characters, author and your takeaways from the book (reason as to why you liked the book, which character was your favourite, etc)

2. Make a creative acrostic of your favourite food item and write the same on a cutout of that food item. Example: (you can make a cutout of a milk bottle and write the acrostic there)

M- Made from cows  
I- It's healthy for you  
L- Low fat and good for  
K- Kids

## Suggested Reading

Stuart Little by E.B.White  
The Enormous Crocodile by Roald Dahl  
Enid Blyton's - Famous Five Series  
- Secret Seven Series  
- Amelia Jane Series

## Make a Pet-Rock

While going for outings, choose a rock, not too big or small. You can wash it and let it dry. You can turn this rock into a pet by decorating it with glitter, paint, googly eyes, foam, etc. You can make it in an innovative and attractive way.

Make a journal and write what you did with it each day. Eg. give it a name, its house, take it along for a walk, to a friend's place, games played together, secrets that were shared with it, also if it has been lucky ever since it came into being etc. Don't forget to put pictures of your rock.

You can also decorate different shapes of rocks and paint the rocks as different animals and create a jungle or zoo.

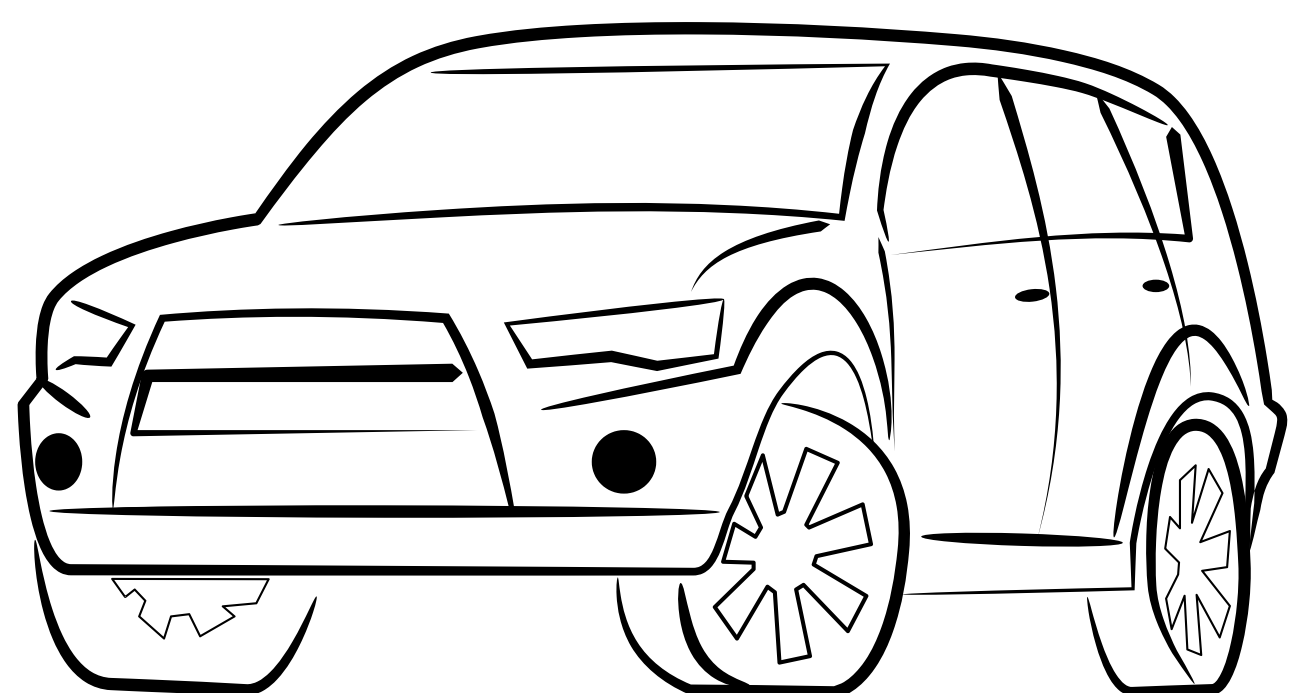

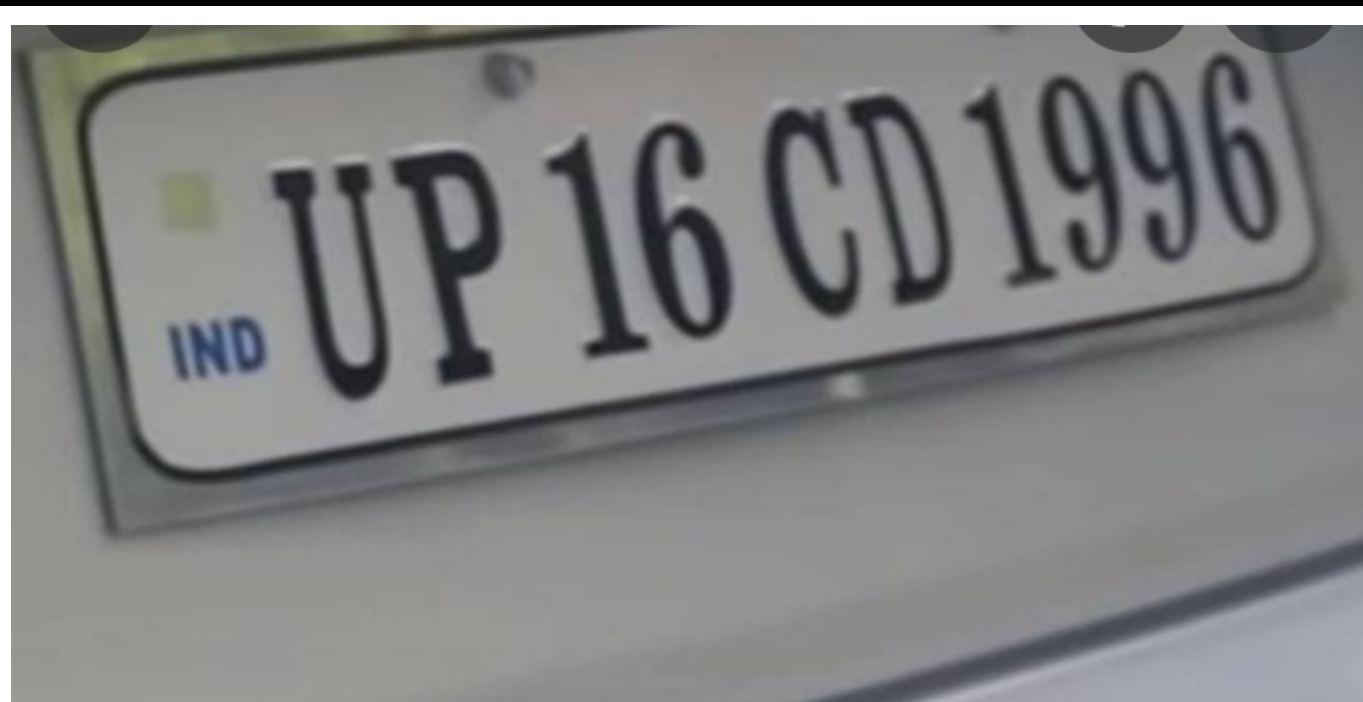

**\*Numbers, Numbers, Everywhere! – exploring numbers with math in the car number plates\***

**1. Observe various car number plates while travelling. Some cars have different colour combinations for number plates. They could be white, yellow, blue and black colour plates. Find out what each colour signifies.**

**2. Collect data of Number plates of cars in your locality (sample size 50). Categorize their numbers into Odd and Even Numbers and Tabulate the collected data.**

**3. Analyze the data and conclude how many odd/even Number plate cars are there in your locality.**

**“स्वच्छता की आवश्यकता व आप का सहयोग”**  
प्यारे बच्चों कुछ सूचना पट्टियाँ और स्लोगन तैयार करें। इन सूचना पट्टियों और स्लोगनों को अपने घर के पास वाले पार्क में लगाएँ तथा उनके साथ अपनी फोटो खिचवाएँ। इन फोटो को एक सुन्दर से कोलाज (collage) के रूप में आधे चार्ट पेपर पर प्रस्तुत करें।
