WHERE ART MEETS TECHNOLOGY

# Happy Holidays!!

With an array of emotions, we enter the golden months of May and June. With summer vacations right around the corner, exhilarated souls of the young and bright minds are bursting forth with unmatched spark. With the holidays comes an opportunity to unwind and relax. However, we ought to maintain a learning continuum even during the much needed break, and to let the creative juices flow, what better than an enriching dose of Holiday Engagement!

We have been handed the gift of time, which must be judiciously used via lucrative research and project work. With special care and attention, the Holiday Engagement work for all the subjects has been drafted by the teacher-mentors in order to make the learning process enlightening, productive by breaking monotony, thereby, keeping it light. A treasure box of educational activities to be done individually to boost self confidence, along with group activities to promote collaborative learning have been designed keeping in mind the 21st century skills. Experiential learning through hands-on activities and reflection is the focal point of the tasks listed, which would relate theoretical knowledge with practical one. It aids in the promotion of other skills like Leadership, Critical thinking, Creativity, Communication, Collaboration, and Information and Media literacy preparing the students for future pursuits, giving them an edge over others.

## ENGLISH

*If Life were predictable it would cease to be life, and be without flavor.*

Choose to do any **one** of the following:

1. Make a colourful collage on a standard A3 sheet using photographs and information about your grandmother or grandfather. Give a catchy heading about her or him being your favourite person. Write a few lines about the interests and activities that you share. It will be a reminder that we should cherish and value the relationship that we share with our grandparents

OR

Use one A4 sheet to write an imaginary, descriptive or narrative essay on your experience with an old tradition, festival or religious ritual that is still followed at home. Use another A4 sheet to paste related pictures or drawings.

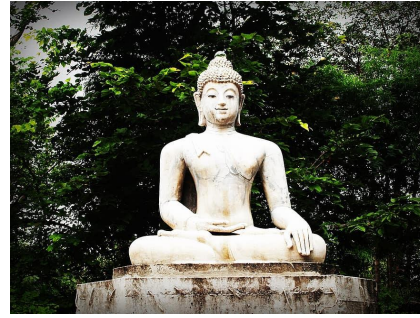

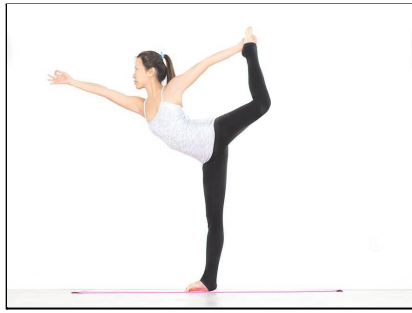

2. Read Chapters 1 to 3 from 'The Adventures of Robin Hood' and attempt the questions given at page no. 20, 34 and 43 in about 30 to 50 words. Use A4 size sheets to write your answers.
- 

## HINDI

<https://youtu.be/i-qz-GzEI3o>

(this type of model can be used to present the information)

(B) Soil

(1) <https://youtu.be/im4HVXMG168>

(2) <https://youtu.be/LbOK4zSUhv8>

(3) <https://youtu.be/OoyDvXVoiGI>

**Date of Submission:** First week of July.

## MATHEMATICS

**Material/Resources Required:** A-4 coloured sheets, online research

**Instructions / Guideline:** The Three Dimensional World - Each and everything around us is a solid shape. The laptop, tablet or phone you are reading this on is a solid shape. Similarly the chair, bench or couch you are sitting on is also a solid shape. This summer let us explore the 3-D World.

- Select ten solid shapes, find out about their faces, edges and vertices. Explore how they are related to each other.
- Build nets for each shape selected.
- Survey real life objects and relate them to the selected shapes.

**Date of Submission:** First week of July.
